At the validation :

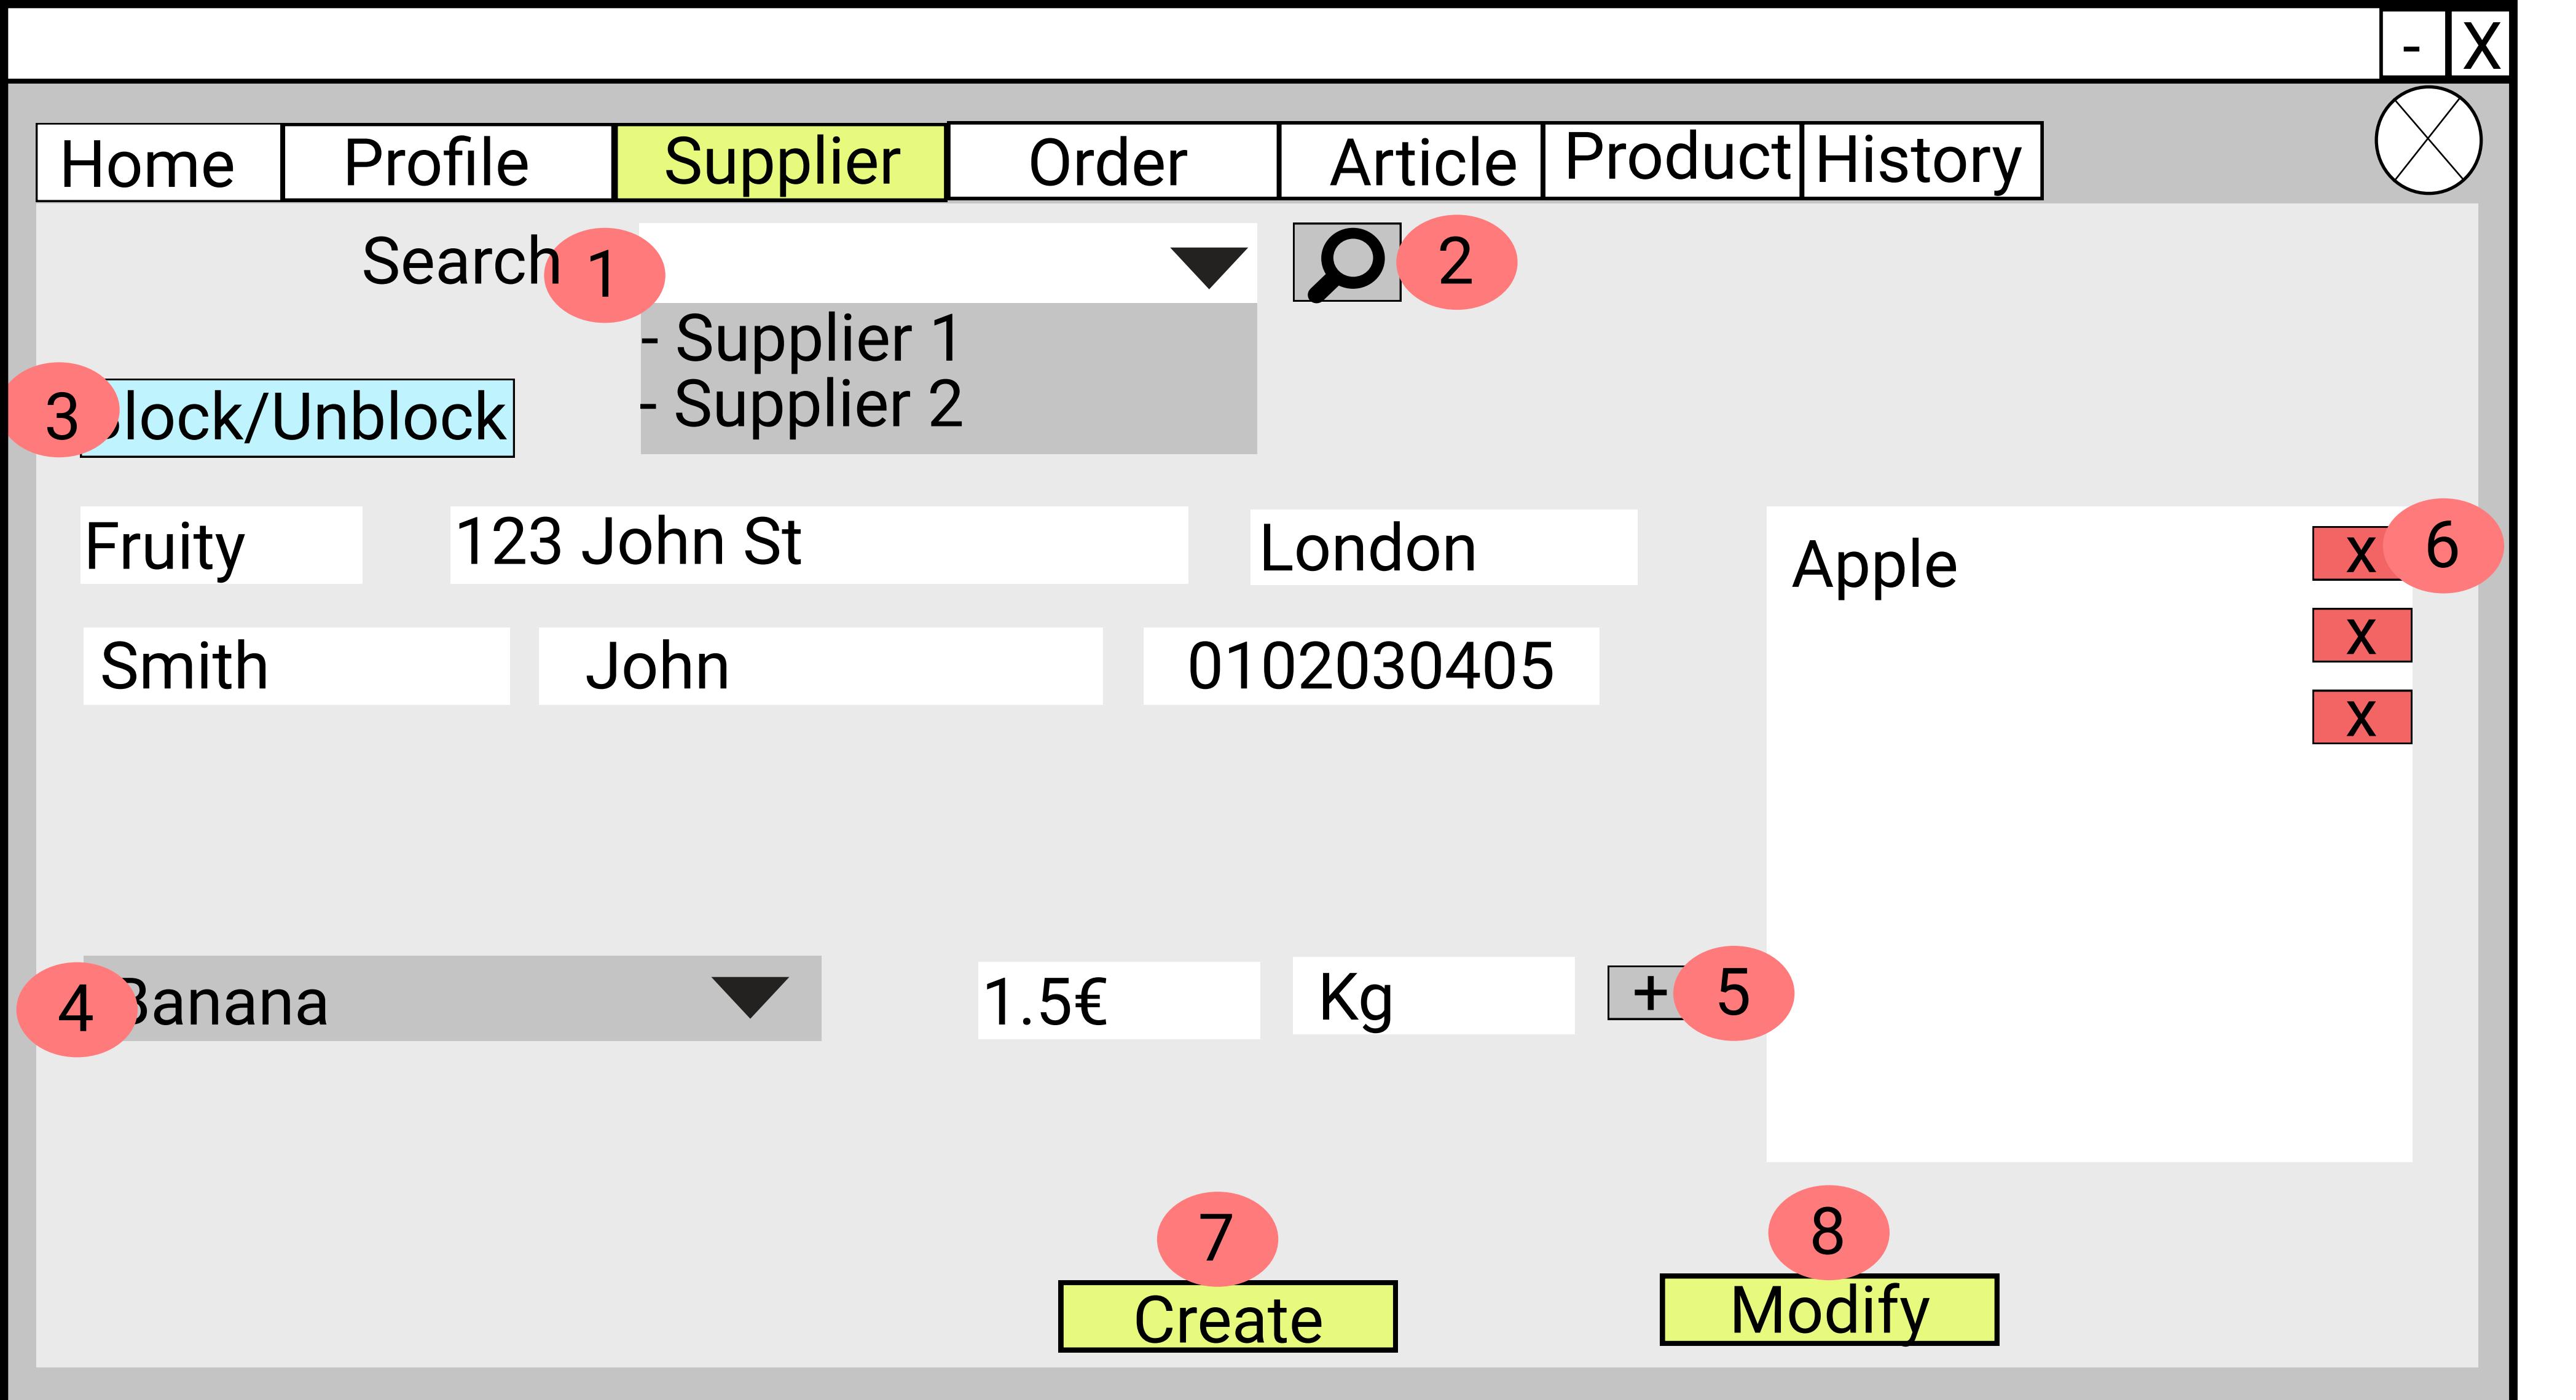

- 1 The Super Admin accesses his home page. HomePage\_SuperAdmin
- 2 Admins access their home pages. ProfilePage

- 1 Edit profile input fields.  
Desable the password button
  - 2 Edit password input fields.  
Desable the profile button
  - 3 Save input profile changes
  - 4 Save password changes

- 1 Drop down menu to search and/or select the supplier.
- 2 Launch the search.
- 3 Blocks the supplier preventing the appearance of its products
- 4 Scrolling tab to select a product that displays its data in the frame.
- 5 Button that adds an Product.
- 6 Button allowing the deletion of an item in the list.
- 7 Button that creates a supplier.
- 8 Button that modifies the supplier information.

The screenshot shows a web-based application for managing orders. At the top, there is a navigation bar with links: Home, Profile, Supplier, Order (highlighted in yellow), Article, Product, and History. To the right of the navigation bar is a close button (- X) and a circular icon with a cross.

Below the navigation bar, there is a search section labeled "Search by order number" with a text input field (1) and a magnifying glass icon (2).

Underneath the search section, there are dropdown menus for "Order number" (4), "supplier 1" (3), and "Apple" (4). Next to these is a dropdown menu for "Bag 1kg" (5) and an "Add" icon (6).

The main content area displays a table of items:

Item	Description	Quantity	Unit	Price	Total
Banana	bag 1kg	10		15 €	
Banana	bag 2kg	20		60 €	
Flour	bag 5kg	10		30 €	
					105 €

Each row in the table has quantity controls (+, -, X) and a red "X" icon for removal. The total value for all items is 105 €.

At the bottom of the page are three buttons: "Modify" (10), "Submit" (11), and "Create" (12). There is also a "State" input field.

- 1 Drop down menu to search an order from its number
- 2 Launch the search
- 3 Drop down menu to select a supplier
- 4 Drop down menu to select a product
- 5 Drop down menu to select the product unit
- 6 Icone to add an article
- 7 Icone to increase article quatity
- 8 Icone to decrease article quatity
- 9 Icone to remove an article
- 10 Save order changes
- 11 Validate an order
- 12 Create an order

The screenshot shows a web-based application interface for managing articles. At the top, there is a navigation bar with links: Home, Profile, Supplier, Order, Article (highlighted in yellow), Product, and History. To the right of the navigation bar is a close button (-X) and a circular icon with a cross.

The main content area is titled "Search". A search input field contains the text "Banana". Below the input field, a dropdown menu is open, showing two options: "01B \_ Bag banana 1kg" and "- 02B \_ Bag banana 2kg".

Below the search input, there is a section for product details:

- REF 01B
- Bag banana 1kg
- Banana
- 1 Kg
- Bag
- Stock : 20

Price information is displayed as follows:

- 1.5 €/kg
- 1.6 €/kg
- 1.92 €

Timestamps are shown in boxes:

- Creating date
- Update date

At the bottom of the page are two large green buttons:

- Modify (labeled with number 5)
- Create (labeled with number 6)

- 1 Drop down menu to search an article
- 2 Launch the search
- 3 List to choose a product
- 4 List to choose product unit
- 5 Save changes of an article
- 6 Create an article

- 1 Drop down menu to search a product
- 2 Launch the search
- 3 Select an ingredient from the list
- 4 Icone to add an ingredient
- 5 Select a unit from the list
- 6 Change the state of an element
- 7 Save the products informations

This page displays the history about orders
